SSIAN PRISONERS EMBRACE SOCIALISM

...'s Soldiers in Japan Favor Governmental Reforms.

A PEACEFUL REVOLUTION

...erican Socialists, Who Are Branch ... the Russian Doctrine Accomplish ... Feat of Winning Over to Their ... e Russian Soldiers.

...ashington, Nov. 13.—The following ...egram was received today from ..., Japan, by a member of the local ...sian revolutionary committee:

"...thusiastic reception, given to rev...tionary officers by the revolution..., 30,000 soldiers at Hamadera and ...mejidi camps. Red banners bear... the bords allegiance 'Zemlia L Vo...' (land and liberty; Live Liberty), ...e Russian Marseillaise be sung."

The explanation of this cablegram, ...ven by the local committe here is ...at a remarkable peaceful revolution ...as been accomplished under condi...ions never before paralleled. In 1901 ...r. Charls Russell, Russian by birth, ...ut a resident of Hawaii, was presi...ent of the first territorial senate. ...oming to America he became deeply ...interested in propagating socialistic ...eform ideas. He was finally sup...plied with adequate funds and a great ...mass of socialistic literature by the ...American friends of Russia, of which ...Charles W. Folk, and Julia Ward Howe ...are respectively president and vice ...president, by the committee of the rev...olutionist-socialist party of New York, ...a branch of the famous Russian organ...ization, and by other similar societies.

...At the fall of Port Arthur agents ...were sent to Japan to spread among ...the Russian captives the ideas of the ...party. According to the members of ...the local society it has succeeded be...yond all expectations, as shown by ...the fact that he has organized under ...the banner of socialism nearly all o... the thousands of the Russian soldiers ...taken prisoners by the Japanese dur...ing the tranportation to their home. ...It is, of course, inferred that the Jap...anese government must have sanction...ed yesterday's demonstration, or else ...it could not have occurred.

SITUATION IN CZAR'S IMPIRE.

No Fears of Jews Massacre—Prisoners at Kishineff Revolt.

St. Petersburg, Nov. 13.—There is every reason to believe that the fears of a massacre of Jews tonight at St. Petersburg and at Moscow are un...founded. The alarming reports look more like a campaign of the revolu...tionary extreme elements to take ad...vantage of the nervousness of the peo...ple and the authoritis for the purpose ...of terrorizing both into acquiescence ...to their demand for a national militia ...The Jewish quarter of St. Petersburg ...has been heavily guarded since last ...night.

Notwithstanding the assurances of ...protection, hundreds of Jews and many ...others are seeking safety in flight. All ...the trains leaving St. Petersburg for ...Finland are crowded. Many rich Jews ...deposited their jewelry and other valu...ables in banks before leaving.

Prisoners Revolt.

Odessa, Nov. 13.—The prisoners in ...the jail at Kishineff, Bessarabia, re...volted in a body last night and de...manded their freedom. On their re...quest being refused, the prisoners set ...fire to the jail. Th troops were hur...ried to the scene and fired a volley ...into the mutineers, of whom twenty ...two were killed and many wounded.

Disturbances Cease at Cronstadt.

"Disturbances at Cronstadt ceased."

All Quiet at Odessa.

Odessa, Nov. 13.—All is quiet com...paratively at Odessa, although there ...was many individual cases of violence ...during the night.

PICK OF THE HORSE SHOW.

Will Be Seen at the New York Exhibition at Madison Square.

New York, Nov. 13.—Seventeen hundred entries, 250 more than last year, and comprising the pick of the show horses throughout the country, has been received for exhibition of the national horse show association which will begin at Madison Square Garden next Monday morning.

The greatest increase in entries is in the class for harness horses. After an absence of a year J. W. H. Moore, of Chicago, will again be in evidence, having 100 entries. He owns Forest King, one of the champions of the country, and many valuable blue ribbon winners. Besides Eben D., Jordan, of Boston, who won about every thing in sight last year, again has a large entry. Reginald Vanderbilt has a number of entries, as well as Alfred D. Vanderbilt. Mrs. John Gherkin will also exhibit her many blue ribbon and cup winners.

The hunter class will be represented also.

The special classes have filled better than ever, and the Waldorf Astoria cup contest will have some of the best horses that ever competed for it.

ROOT MAY CONTROL CANAL.

The State Department May Take Charge of This Work.

Washington, Nov. 13.—An echo of the suggestion that the isthmian canal should be placed under the state department has been heard in a rumor of a possibility that the insular bureau which grew up under the direction of Secretary Root, when he was at the head of the war department, may be transferred to the state department.

Discussion of the matter has not taken any concrete form, but it is one of the suggestions made to relieve the secretary of war of the heavy responsibility which now rests upon him in administering not only the affairs of thet army, but the Philippines, the Panama canal and other island interests.

It is argued that Secretary Root was familiarly acquainted with the Philippines, and this will enable him to take up the work where it has been carried by Secretary Taft. It would require legislation to bring about the change, as the insular bureau was legislated into the war department when the Philipine government was passed.

MEXICO'S NEW AMBASSADOR.

Senor Don Juan de Cassus Arrives at Our National Capital.

Washington, Nov. 13.—Senor Don Juan de Cassus, the newly appointed Mexican ambassador to this country who arrived in this city yesterday, comes to this country under the brightest circumstances. He expressed himself as being highly pleased with his new post and spoke in very appreciative terms about the cordial reception tendered him while in St. Louis, in which city he stopped on his way to Washington.

Just as he was about to start for this country he was taken sick and even now has not quite recovered from the effects of his illness. He will be able, however, to attend to the affairs of the embassy and today will call on Secretary of State Root to discuss with him the plans for his first formal call on President Roosevelt, on which occasion he will offer to the president his credentials.

Baroness Von Sternberg Recovering.

Berlin, Nov. 13.—Baroness Speck Von Sternberg, wife of the German ambassador to the United States, has so far recovered from the operation recently performed upon her as to be able to go to the gala opera performance in honor of King Alfonso. She sails for the United States, acording to her present intention, Nov. 23.

Memphis, Tenn., Nov. 13.—A special to the News-Scimitar from Corinth Miss., says that passenger train No 43 on the Southern railroad was derailed early today neard Barnesville. One coach was overturned and a number of passengers were slightly injured.

MILITIA WANTED TO GUARD BALLOT BOXES

Governor Higgins Has Been Requested to Furnish Troops.

GOTHAM MAY HAVE TWO MAYORS

It is Stated that Unless Hearst's Contest is Settled Before Jan. 1, New York City is Likely to Have Dual Government.

New York, Nov. 13.—The Times today says that J. Wesley Hamer, who writes editorials for Mr. Hearst, left down for Albany last night as a special messenger to Governor Higgins, to ask the governor to devote two armories to the storage of the ballot boxes which are now in storage warehouses, guarded by police and Hearst watchers.

Governor Higgins is also to be requested to allow the state militia to guard the ballot boxes. Mr. Hearst prefers such protection to that of the police.

At Hearst's headquarters last night, it was said that the Hearst League "understand" that the governor has expressed informally his willingness to allow the armories to be used as places for the storage of the ballot boxes. What his answer will be to the request of the state militia protecting them is not known, and the Hearst forces ventured no prediction.

May Have Two Mayors.

New York, Nov. 13.—The Tribune says that William R. Hearst will the contest for the mayoralty is prolonged in the courts beyond the first of next year, it is said, take the oath of office in the city hall. Inasmuch as Mayor McClellan has decided to fight his adversary at every point, this city may have a dual government on New Year's day.

The decision of the Hearst men to install their candidate as mayor on Jan. 1 was reached yesterday, it was said, but nothing was officially said for some days past. Mr. Hearst's counsel has told him that one sure method of having his title to the mayoralty either confirmed or denied is for him to take the oath of office as mayor and thrust the contest into the courts. The legal proceedure necessary for he validation of Mr. Hearst's claim to the mayoralty must be made within the next fifteen days.

The Tribune was not able to confirm the foregoing throug Mr. Hearst.

KOMURA ARRIVES AT PEKIN.

Minister Rockhill Cables This Information to the Department.

Washington, D. C., Nov. 13.—Minister Rockhill cabled the state department today from Pekin that Baron Komura had arrived at that place.

It is understood he is to take up with the Chinese government the details of the peace treaty relative to Manchuria. In acordance with the terms of that instrument Japan was allowed a period of 18 months in which to draw her troops from Manchuria, an unnecessary length of time in the Chinese view.

The Chinese also object to the permanent retention of the force of Japanese guards along the railway as equivalent to keeping a standing army and reproducing Russian methods in Manchuria. It was these matters which China regarded warranting the effort made by her to have a voice in the framing of the peace treaty and having failed in that undertaking, he must now try to adjust them with other important details direct y with Baron Komura.

Young Heiress is Kidnaped.

Prarie Du Chien, Wis., Nov. 13.—Agnes Pfeiffer, aged 16, an orphan and heiress of a large amount of property has been kidnaped from school here. During the recess a closed carriage drove up to the playground and two men seized Miss Pfeiffer, hurried her to the carriage and drove away. The police have been unable to find any clew to the kidnapers or to their motive.

THREE MEN KILLED IN MELEE.

Man Yelled "Hurrah for Jeff Davis" and Started a Small Riot.

Naugatuck, W. Va., Nov. 13.—A cheer for Jefferson Davis, uttered by a drunken man on Denver Creek, on the Kentucky side of the river, resumed in a bloody tragedy in which three men were killed and three others were wounded.

There had been much drinking after the election on Tuesday. Con Estep, an old confederate soldier, was among the men who had become intoxicated. When he yelled "Hurrah for Jeff Davis" G. Prater, a young man in the crowd, told Estep to "shut up or he would kill him."

Enoch Bentley, another member of the crowd, told Estep to hurrah for anybody he pleased." Prater turned on Bentley and emptied his pistol at short range, all five shots taking effect. After he had fallen Bentley shot and killed Prater.

Rube Morgan, a friend of Prater's, who had shot Bentley after the latter had fallen, fired at Tom and John Bowling, friends of Estep, and then fled, but he was shot and mortally wounded by the Bowlings. Bentley died soon after the shooting, and Morgan died two hours later.

During the fight John Sadler, belonging to the Prater gang, was dangerously wounded. The Bowlings were both hit, but not fatally hurt.

An election bet had caused hard feeling between Estep and Prater. The excitement over the tragedy is intense, and another clash of the factions is feared.

Baptists Will Meet in Macon.

Macon, Ga., Nov. 13.—Baptists in all the churches of this denomination in the city are now engaged in active preparation for the coming of the Georgia Baptists' convention, which convenes here Nov. 22, 23 and 24. Dr. B. D. Ragsdale, of this city, secretary of the convention, states that Atlanta is now arranging to invite the convention to that city for the following session. There will be thousands of people belonging to the Baptist denomination here during the three days of this convention and nearly every Baptist home here will be crowded with delegates. Ex-Governor W. J. Northen, who has presided at the head of the Baptists of this organization for the past ten years, will again be in the chair. Dr. Ragsdale will act as secretary again, having also been in his office ten years.

Georgian Acquitted of Murder.

Albany, Ga., Nov. 13.—One of the most interesting murder trials ever held in Baker county was concluded when the jury in the case of Arthur D. Sutton, charged with the murder of C. A. Bush, acquitted him. Sutton had previously been convicted of the crime and sentenced to the penitentiary for life. Judge Spence granted a new trial, it appearing the jury had reached its verdict in an irregular manner. The case was bitterly fought prominent counsel being employed on both sides. The dead man was a member of one of the most prominent families of Colquitt county, and Sutton is a prominent Baker county man.

Investigate the Collison.

New Orleans, Nov. 13.—The official investigation into the collision between the United Fruit steamer Esparta and the United States lighthouse tender Magnolia while the latter was conveying President Roosevelt to sea, began before the board of supervisors of steam vessels. The investigation was held behind closed doors, neither the public nor the press being permitted to be present. Assistant District Attorney Foster appeared for the government. A shorthand record is being taken of the testimony.

Burned to Death in Well.

Savannah, Ga., Nov. 13.—C. S. Lynch, manager of a saw mill belonging to the Dixon Lumber company, at Hilabelle, was burned to death by a fire that destroyed the mill there. Mr Lynch went to the mill on hearing the alarm of fire. He was directing the fight against the flames when he fell into a well about 8 feet deep. Before he could be got out of the well the shed fell and the burning rafters tumbled into the well, burning him to death.

REPORT OF COTTON CROP SPITE WORK

Secretary Wilson is Scored By Secretary Cheatam.

HELPS THE BEAR SPECULATORS

Secretary of Cotton Association Says Agricultural Department is Trying to "Get Even" for the Disclosures Made by Recent Investigation.

New York, Nov. 13—Richard Cheatham, of Atlanta, Ga., secretary of the Southern Cotton association, is quoted by the Herald as having last night severely criticised the report of the cotton crop issued yesterday from Washington in which the condition of the crop Nov. 1 was stated to be 68.8.

Mr. Cheatham, who is stopping in this city, said among other things:

"The most absurd piece of spite work ever attempted was the issuing of the crop report Friday by Mr. Wilson, the secretary of agriculture. In this report he announced the 'condition' at 68.8. Now there is no sane man who ever saw a cotton stalk who does not know that on Nov. 1 and Nov. 10, it is not only far beyond the fruiting or bearing stage, but in nearly every case is entirely void of foliage of every kind. It has passed far beyond the increasing stage. Its condition, so far as conditions are recognized in reports, is the same as on Oct. 1 previously. For Secretary Wilson to make a report on 'conidition' of Nov. 1 is to assist in the operation of the bear speculators to hammer down the price of cotton.

"I say to Mr. Wilson, 'Sham, shame, shame!' on him and the men who assisted him in this attempt at spite work against the cotton producers of the south. It is a final effort to 'get even,' and the attempt will result in sure discomfiture for the department of agriculture before the session of the next congress is far advanced. That there will be an investigation of this department by congress and an uncovering of matters now concealed by which all previous disclosures will pale into insignificance, I do not for an instant doubt."

The Southern Cotton association in its bulletin of the crop issued on Oct. 31 estimated the crop for 1905 at 9,446,341 bales, a smaller production than yesterday's estimate of 68.8 would promise.

NINTH ANNUAL CONVENTION.

Of the River Improvement Association Meets in Chattanooga.

Chattanooga, Tenn., Nov. 13.—President Roulac this morning called to order the ninth annual convention of the river harbor improvement association, delegates being present from Alabama, Kentucky, Tennessee and Mississippi, and man ymen from the far south who had been in attendance at the immigration and quarantine convention. The program is as follows:

Welcome addresses on behalf of city, Mayor W. L. Frierson. Responses, "For Upper River," General John T. Walder, Knoxville; "Middle River," Hon. Jeptha Wright, of South Pittsburg; "Lower River," Hon. Emmett O'Neal, of Sheffield, Ala.

Reports of officers of the association. Appointment of committees.

Addresses by visiting governors and congressmen. Presentation of memorial preparation for congress. Election of delegates to present the memorial to congress. Election of officers.

The association was organized in this city in April, 1969, with General Joe Wheeler, then a congressman from Alabama, as president.

Waters Pouring Into Old Basin.

Los Angeles, Cal., Nov. 13.—Through great underground fissures, rent by earthquakes, the waters of the gulf of California are pouring into the old Salton basin, and resistlessly forcing the new Salton sea to sea level. Doubt no longer exists as to the origin of this vast inland sea which now skirts the main line of the Southern Pacific for nearly one hundred miles and stretches away on either side of the track 35 miles to the foothills.

A SERIOUS TRAGEDY IN THE EAST END

George Bradley Lost Life at Hands of E. R. B. Kite.

ROW STARTED OVER HOG

Animal Ate Little Girl's Lunch and Was Punished by School Boys, When Owner Took the Matter Up With Fatal Result—Kite Surrendered.

The vicinity of the Orange Heights school house, in the East End, was the scene of a tragedy at a late hour Saturday evening which cost George Bradley, a negro, his life, as E. R. B Kite, yardmaster of the Seaboard Air Line railway at Waldo, was compelled to kill him to save himself, so it is alleged. Immediately after the tragedy Mr. Kite telegraphed Attorney Evans Haile of this city to come to Waldo at once, notifying him of the trouble, and stating that he was willing to surrender. Deputy Sheriff J. H. Granger accompanied Attorney Haile, and upon their arrival at Waldo Mr. Kite gave himself up, but immediately gave bond for his appearance before the grand jury.

From the best information obtainable, it appears that one day last week Kite's little sister, about fourteen years of age, who is attending school near Orange Heights, took her dinner to school, as she had been accustomed to do regularly. A hog belonging to Bradley overturned the basket and ate the little girl's lunch, when some boy classmates caught the animal and cut its tail off. This so enraged Bradley, who came upon the scene shortly afterwards, that he is alleged to have used abusive language to the little girl, stating at the time that if her "big brother" wanted to take it up he (Bradley) would give him all he was looking for.

The girl told her brother of the occurrence, but, while he was naturally provoked, let the matter drop. He was riding in the vicinity of Bradley's home Saturday afternoon, when he met Bradley, who was armed with a shotgun. Bradley accosted Mr. Kite, referring to the incident of a few days previous, and asked him if he "wanted to take it up," at the same time directing a vile oath at him and raising his gun, as if endeavoring to shoot. At this instant Kite, realizing the gravity of the situation and his danger, raised his rifle, which he carried in the wagon, and fired three times, each shot taking effect. Bradley expired instantly, when Mr. Kite drove back to Waldo, telegraphed to Mr. Haile and surrendered to the officers.

LECTURE ON MARTIN LUTHER.

Delivered by F. A. Holtzhausen at the Presbyterian Church, This City.

On Sunday evening next, the Rev. F. A. Holtzhausen, who was born at Wittenberg, Germany, the home of the great reformer, will lecture on Dr. Martin Luther, "The Hero of Heroes."

Mr. Holtzhausen, having been a resident of Luther's home until he grew to manhood, is familiar with the life and work of the man who translated the Bible, and has been a preacher of the gospel in England, Germany, Switzerland and America. For several years he was engaged in conducting an institution at Houghton, Mich., for the care, education and training of orphans and neglected boys.

The lecture should be well attended as it is free, only a collection being taken.

PATTON BUYS PROPERTY.

Secured Eighteen Lots Directly North of University Grounds.

Surveyor J. W. Patton, who has a great deal of confidence in the future of the city, has purchased from Major W. R. Thomas eighteen lots immediately north of the University grounds on the Cunningham Lane road. These lots are one hundred feet square and adapted to building.

Real estate in the vicinity of the University grounds has taken a lively spurt and for several months has been bringing good prices. The land is very favorably located, being high and free from swamp or marsh. That section of the city is destined to become one of great importance, especially as a residence section.

Cure For The Blues

ONE MEDICINE THAT HAS NEVER FAILED

Health Fully Restored and the Joy of Life Regained

When a cheerful, brave, light-hearted woman is suddenly plunged into that perfection of misery, the BLUES, it is a sad picture. It is usually this way: She has been feeling "out of sorts"

for some time; head has ached and back also; has slept poorly, been quite nervous, and nearly fainted once or twice; head dizzy, and heart-beats very fast; then that bearing-down feeling, and during her menstrual period she is exceedingly despondent. Nothing pleases her. Her doctor says: "Cheer up: you have dyspepsia; you will be all right soon."

But she doesn't get "all right," and hope vanishes; then come the brooding, morbid, melancholy, everlasting BLUES.

Don't wait until your sufferings have driven you to despair, with your nerves all shattered and your courage gone, but take Lydia E. Pinkham's Vegetable Compound. See what it did for Mrs. Rosa Adams, of 819 12th Street, Louisville, Ky., niece of the late General Roger Hanson, C.S.A. She writes: Dear Mrs. Pinkham:—

"I cannot tell you with pen and ink what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered with female troubles, extreme lassitude, 'the blues,' nervousness and that all-gone feeling. I was advised to try Lydia E. Pinkham's Vegetable Compound, and it not only cured my female derangement, but it has restored me to perfect health and strength. The buoyancy of my younger days has returned, and I do not suffer any longer with despondency, as I did before. I consider Lydia E. Pinkham's Vegetable Compound a boon to sick and suffering women."

If you have some derangement of the female organism write Mrs. Pinkham, Lynn, Mass., for advice.

SHIPMENT OF STOCK TO FAIR

Spring Park Stock Farm Company Made Big Show Monday.

Manager Callison, of the Spring Park Stock Farm Company, Monday loaded his fine Hereford and Jersey cattle, Berkshire hogs, Angora goats and poultry on the cars, and the stock left here on a special train in the early afternoon.

The stock, especially the cattle, attracted a great deal of interest, and many visited the old Tennessee stables, where they were quartered Sunday. Manager Callison, realizing the confinement of the cattle for several hours, paraded them around the streets for a few blocks just prior to taking them to the cars, and they were greatly admired by all who saw them.

If the Spring Park Stock Farm Company does not carry away the bulk of the live stock premiums at Tampa it will not be by any means the cause of inferiority

No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, so do not take chances with some unknown preparation which may contain opiates, which cause constipation, a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and refuse any substitute offered. J. W. McCollum & Co.

S. A. L. CAFE CARS.

Service Has Been Inaugurated Between Jacksonville and Tampa.

The Times-Union of the 7th inst. contains the following:

"Attached to the Seaboard Air Line train bound for Tampa, leaving Jacksonville at 10 o'clock yesterday morning, was one of the handsome parlor cafe cars, the first to be operated on this line this season.

"This new feature for the pleasure and comfort of those who travel over this line was added last season and proved to be a great drawing card. Until the winter season closes, these cars, two in number, are to be operated between Jacksonville and Tampa.

"The car leaving Jacksonville yesterday morning reached Tampa at 6:35 o'clock last night and will return to Jacksonville at 5:20 o'clock today. These coaches give to this popular route to Tampa the best accommodations, equaling those which are furnished the tourists from New York to this city.

"The buffet department is in the hands of competent chefs and waiters, who will serve everything in the eating line while the cars are en route. This enterprise on the part of the Seaboard will be appreciated by the traveling public, or that part of it which insists on traveling in style and with comfort.

"Since the season closed last winter these cars have been in the shops at Portsmouth, where they have been thoroughly renovated. The car leaving Jacksonville for Tampa yesterday morning was a beauty.

"In many respects these parlor cafe cars of the Seaboard are superior to the Pullman sleepers for day travel, as they combine the chair car feature, the observation section and the buffet with a section for berths, adequate to supply all requirements on a day run. These sleeper sections of the Seaboard parlor cafe cars are added to supply emergency demands, and the berths are made up in the event that any passenger in bad health is unable to sit up during the trip. In the meantime they serve to afford passengers a rest from the chair to the regular seat of the ordinary sleeper.

"At one end of each car there is an observation section. One is for gentlemen and the other for ladies. The one for gentlemen is really a section for smoking, but is much larger and much more convenient than the ordinary smoker section. The finish of these cars is elegant, with a color effect of yellow."

CATARRH

FIRST A COLD, THEN CATARRH THEN CONSUMPTION

A cold in the head is a common ailment, but it rarely ever stops there. It often grows stubborn and protracted, the mucous membranes, or inner lining of the body, become inflamed and secrete a filthy, unhealthy matter which is absorbed by the blood and soon produces that disgusting disease, Catarrh. Then follow the unpleasant symptoms of "hawking and spitting," ringing noises in the ears, headache, poor appetite, mucus dropping back into the throat, and a feeling of general debility. Every day the blood becomes more heavily loaded with these poisonous secretions, and if the trouble is allowed to run on, the lungs become diseased from the constant passage of poisoned blood through them, and then Catarrh terminates in the most dreaded and fatal of all diseases, Consumption. The only way to get rid of Catarrh permanently is to cleanse the blood, and S. S. S. is the ideal remedy for this purpose. It soon clears the system of all impurities, purges the blood of all Catarrhal matter and poisons, and effectually checks the progress of this dangerous and far-reaching disease. S. S. S. keeps the blood in perfect order so that Catarrh cannot remain; and as this pure, healthy blood goes to every nook and corner of the body, the entire system is strengthened and invigorated, and the symptoms all pass away. Book with information about Catarrh and medical advice free.

I had Catarrh for twelve years and suffered agony with headaches, nose stopped up, appetite poor, felt tired and run-down and unfit for work. I read of S. S. S. and commenced its use, and after taking eleven bottles I found myself a well man. I have never had any return of the disease and I consider S. S. S. the best treatment in the world for Catarrh.

The Docket One of Heaviest in History of the County—Sixty-One Cases Before Grand Jury, of Which Five Are Charged With Murder.

The first day of the circuit court of the Eighth Judicial Circuit for Alachua county convened Monday, Judge J. T. Wills presiding.

The regular venire being exhausted in drawing the grand jury, the sheriff was instructed to summon a special venire of twelve for petit jury duty for the present week, and the venire was returned as follows:

M. F. McCook, J. R. Eddins, W. G. Richardson, J. A. Jones, M. B. Saunders, S. M. Mixson, J. A. Manning, W. G. Carter, B. E. Huffman, B. H. Gracy, T. B. Lewis and W. S. McDowell.

The following civil cases were called up and disposed of:

Rothchilds Bros. Hat Co. vs. J. W. Williams & Bro., assumpsit. Verdict for plaintiff, $166.04.

K. Baird & Son vs. I. M. Putnam & Co., assumpsit. Verdict for plaintiff, $262.

W. H. Cannon, Jr., & Co. vs. J. W. Williams, assumpsit. Verdict for plaintiff, $116.43.

The grand jury empanelled for the term is as follows: Samuel Elliott Bauknight, foreman; Frank Boals, S. F. Waits, J. W. Burnett, A. J. Feaster, G. M. DeSha, W. P. Boulware, Wiley Hines, Henry Parrish, H. R. Stokes, E. D. Phifer, J. M. Beville, J. L. Crawford, C. V. McQueen, D. M. Bryan, S. L. Crews, F. W. Polk and E. A. Flowers. Mr. Bryan was selected to act as clerk.

State's Attorney Calhoun stated that the business before the grand jury at this term is very heavy. There are sixty-one cases, five of which are charges of murder. Attorney Calhoun believes that, with the heavy docket, five weeks will be required to complete the term of court.

Court will convene again at 9 o'clock this morning.

Attention, K. of P.

The regular weekly meeting of Mt. Vernon Lodge No. 20, Knights of Pythias, will be held this evening at 8 o'clock. Work in rank of Esquire. Visiting brothers will receive a cordial welcome. By order of Chancellor Commander.

His mother's death was a sad loss for Mr. Reid, but he learned that lung trouble must not be neglected, and how to cure it. Quickest relief and cure for coughs and colds. BABY'S FACE MASS OF SORES

Ears Looked as if They Would Drop Off—Body Entirely Covered with Humor—Three Doctors Could Not Cure—Child Grew Worse.

CURED BY CUTICURA IN TWO WEEKS

Mrs. George J. Steese, of 701 Coburn St., Akron, Ohio, tells in the following letter of another of those remarkable cures of torturing, disfiguring skin humors daily made by Cuticura Soap, assisted by Cuticura Ointment, after physicians, and all else had failed: "I feel it my duty to parents of other poor suffering babies to tell you what Cuticura has done for my little daughter. She broke out all over her body with a humor, and we used everything recommended, but without results. I called in three doctors, they all claimed they could help her, but she continued to grow worse. Her body was a mass of sores, and her little face was eaten away, her ears looked as if they would drop off. Neighbors advised me to get Cuticura Soap and Ointment, and before I had used half of the cake of soap and box of ointment the sores had all healed, and my little one's face and body was as clear as a new-born babe's. I would not be without it again if it cost five dollars, instead of seventy-five cents, which is all it cost us to cure our baby, after spending many dollars on doctors and medicines without any benefit whatever."

SLEEP FOR BABIES

Rest for Mothers.

Instant relief and refreshing sleep for skin-tortured babies, and rest for tired, fretted mothers, in warm baths with Cuticura Soap and gentle anointings with Cuticura Ointment, the great skin cure, and purest of emollients.

Cuticura Soap, Ointment, and Pills are sold throughout the world. Potter Drug & Chem. Corp., Boston, Sole Props. Send for "How to Cure Baby Humors."

ODD FELLOWS' HOME.

A Number of Guests Already Arrived For the Winter Season.

The Odd Fellows' Home and Sanitarium has opened for the season and everything about the grounds looks very interesting.

Several guests are stopping at the Home, among them being William and Guy Thompson of Pittsburg, Pa., and Mr. and Mrs. J. C. Byars and son Carthell of Humboldt, Tenn.

There are a number of patients in the hospital department, and they are all getting along nicely. Miss Beulah Hall is one of the new trained nurses lately arrived at the Home to assist Miss Lee, the matron and head nurse.

Miss Lee, who is now in charge of the Home, has everything as neat and tidy about the rooms as one could ask. She is an excellent person for the position and the board is fortunate in securing her services.

The matron requests The Sun to state that the hours for receiving visitors at the Home are from 9 to 11 a. m. and from 2 to 4 p. m.

The Exact Thing Required for Constipation.

"As a certain purgative and stomach purifier Chamberlain's Stomach and Liver Tablets seem to be the exact thing required, strong enough for the most robust, yet mild enough and safe for children and without that terrible griping so common to most purgatives," say R. D. Webster & Co., Udora, Ontario, Canada. For sale by all druggists.

A Fine Photograph.

One of the finest photographs ever turned out in Florida, or anywhere else for that matter, is a photograph of the University Graded and High School, the result of the efforts of Jas. F. Smith, the Gainesville photographer. The picture mounted is 20x24 inches. It has been neatly framed, and will constitute a part of the educational exhibit of Alachua county at the State Fair. As an artist Mr. Smith is a success.

Neuralgia Pains.

Rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerves and bones, and being absorbed into the blood its healing properties are conveyed to every part of the body, and effect some wonderful cures. 25c, 50c and $1. Sold by W. M. Johnson.

LIVE OAK DEMOCRAT DESTROYED BY FIRE

The Entire Printing Plant is Totally Wiped Out.

ORIGIN OF FIRE IS UNKNOWN

The Daily Democrat Had Been Published But a Week—Sherwood & Pound, Owners, Lose Heavily—J. O. LaFontisee Was Editor of the Daily.

Live Oak, Nov. 13.—At 2 o'clock this morning the office of The Daily and Weekly Democrat was burned, and the origin of the fire is a mystery. The fire company responded quickly and did good work, confining the fire to the block in which it originated.

The Democrat owned one of the best plants in the State, being valued at over $15,000, and was insured for less than half of that amount, $3,500 worth of new material having just been installed.

The daily, which had had only one week's run, will be issued tomorrow from The Crescent office.

The Daily Democrat, of which J. O. LaFontisee, until lately city editor of The Times-Union, was the news editor, gave promise of being a splendid success, and the owners, full of pluck and determination, will push it to the front. The Weekly Democrat has always been successful, and is one of the most prosperous weekly newspapers in Florida. It has been an important factor in the progress of Live Oak and Suwannee county, and its loss is felt by the people generally. It was in every respect an up-to-date paper.

The Sun and friends of Messrs. Sherwood & Pound and Mr. LaFontisee in Gainesville express their regrets at their misfortune.

No Poison in Chamberlain's Cough Remedy.

From Napier (New Zealand) Herald: Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. This remedy is for sale by all druggists.

Death of Mr. Cubbage.

J. H. Cubbage, about fifty years of age, and for the past ten months night watchman at the Kelley mill, near the waterworks, died Sunday night, and was buried Monday. Deceased was a native of South Carolina, and had no relatives here. It is understood that he was a widower and leaves a child in South Carolina. In fact, it has been very difficult to secure any information relative to his people in South Carolina.

TAKE YOUR CHOICE.

G. F. P. (Gerstle's Female Panacea) Offers You Choice Between a Guaranteed Cure, or Heavy Expense Without Any Guarantee.

That is the proposition in a nutshell. You can choose a guaranteed female remedy—or other UN-GUARANTEED medicines, or expensive medical treatments without any assurance whatever of being benefited.

Therein lies the superiority of G. F. P. (Gerstle's Female Panacea). It has, does and will cure all female disorders, such as prolapsus, suppressed, scant or profuse menstruation, headache, pains in the back, whites, inflammation, etc. It is a remarkable tonic, assisting nature to a proper discharge of its duties, bringing health, beauty and cheer into the afflicted female's life.

Mrs. Leathie Schrimsher of Huntsville, Ala., says: "For a year I suffered extremely with female troubles, having two of our best physicians treating me, but they seemed unable to reach my trouble. Then I took one bottle of G. F. P. (Gerstle's Female Panacea) and was cured, and have not suffered one bit since. No other medicine made equals it."

Sold under a money-back guarantee by all druggists at $1 per bottle.

When call loans are 15 per cent few people call to get them, but renew the old note at the bank.

If Lake City had known the Buckman bill was so very faulty they would never have worked so hard for its passage.

The college fraternities should get up a new form of initiation. A good test would be to stand the condidate up and shoot scrap iron into him.

If peddlers can come into the State and do business without paying a license and home dealers are obliged to pay a license, it is high time some other laws should be looked after.

The Leesburg Commercial came out last week with a double sheet, giving many important facts regarding that section. The delightful weather makes it attractive to winter visitors.

The farming lands of Alachua county should attract many people seeking homes. Florida has plenty of opportunities for industrious people to make a good living with small capital.

If some of the patent medicines contain as much alcohol as is claimed by a few magazines, and only cost about nine cents to manufacture, where do they get the liquor? There must be a mix-up somewhere.

The Sun was the first paper to mention Dr. Crill of Palatka for Governor, and its reasons for so doing was because the editor felt confident he was eminently fitted for the high honor as any man in the State. He has shown his ability and there is no doubt of his honesty or loyalty to the best interests of Florida.

The Jasper News says that the Buckman law "was instigated by the Devil." This is a new and startling view of the case and puts it right up to Mr. Buckman of Jacksonville to make a clean breast of it and say if he has been in alliance with that disreputable party to "come it over" the people of Florida.—Live Oak Daily Democrat.

The 24-page edition of The Metropolis, which was issued Saturday evening, printed on the new press which was started for the first time on that date, was a great event in the history of the newspaper business of Jacksonville, as well as the State of Florida. The Metropolis is certainly abreast of the times in newspaper progress, and the people will all wish it abundant success.

East Gainesville is certainly becoming the handsomest residence portion of the city, and during the past summer has made wonderful progress. The new residences that have been completed and those that are being finished would be a credit to any city North or South. Along Roper avenue, one of the handsome thoroughfares, there is not a shabby house the entire length, while those on Alachua avenue are many of them model residences. There is no denying the fact that Gainesville is building substantially and will surely hold a high place as a residence city.

BUCKMAN BILL TO BE TESTED.

Under the foregoing heading, The Bartow Courier-Informant has the following sensible article, which shows the sentiment of nine-tenths of the papers in the State:

"After a plethora of talk and insinuations galore on the part of the newspapers and people of Lake City, it seems that they have at last made up their minds to test the constitutionality of the University bill passed by the last Legislature. Why this action has been postponed to such a time as an adverse decision would give most trouble and annoyance to the authorities entrusted with the execution of the law, and why the people of the State should have been kept in suspense so long, are questions for Lake City to answer. That she can ever answer them satisfactorily we do not believe.

"Whatever may be the decision of the supreme court, one thing is certain, Lake City will be the loser. If the decision is against her, the great majority of the people of the State will continue to regard her as actuated by a spirit of spiteful disappointment, as they regard her now in having instituted the suit. If on the other hand she should be successful and the University be finally established there, it would enter upon its career worse handicapped than any similar institution ever was before.

"Lake City entered the contest for the University location, and so long as she felt sure of winning, the Buckman bill was all right. Since then it has been all wrong. We were opposed to the bill, as were probably a majority of the people of the State, but we can see no possible good to come from fighting it at this late date."

By its operation the Buckman bill abolished all the colleges in the State, which gives the Board of Control the opportunity of selecting a new location. Lake City, when they were working so hard for the passage of the measure, must have overlooked this fact. They evidently thought the Board of Control would work for Lake City and not for the best interests of the State, and did not realize the fact that Gainesville was the best location for the new University.

READ ADVERTISEMENTS.

There is more reason for people to read advertisements in a paper than to read the news items or stories that may appear, as personal and other local items only satisfy the curiosity while the advertisements may be of financial benefit.

The merchant who has bargains for the people lets them know it through the columns of the daily or weekly paper, thus affording the readers an opportunity to save money by making purchases of necessary articles for the household. These bargain sales are made nearly every week, and as the prices are often quoted you can readily tell whether they are of advantage to you.

Read the advertisements all the time and many times you will find that you can save the price of your subscription with one bargain. When you see the advertisement of a merchant it also means that he invites you to his store.

DIE HARD.

The Lake City people die hard. They have applied to the Attorney-General for permission to use his official name in proceedings in the nature of quo warranto, to "test the constitutionality of the Buckman law." The Attorney-General granted the permission as a matter of routine practice, as such applications are never, or rarely, refused. The lawyers evidently scent some fine fees in the carefully-nursed indignation of the Lake Cityites, because their deep-laid plan to capture the University slipped a cog.—Tallahassee True Democrat.

Beware of Ointments for Catarrh That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists. Price 75c per bottle.

HE KNOWS.

The editor of The DeSoto News says it is all nonsense about the Buckman bill causing any improvement in the public schools; that they are no better only through the efforts of the county boards of education. As The Sun only issues one edition a day, and The News' editor is a sort of nomadic chap, we are not sure we will find him in one place long enough to prove our assertions, so we'll just say "he knows."

Tampa is very busy getting everything in the best shape for the State Fair, yet they found time on Friday to serve two injunctions—one to prevent the libelling of the Peninsular Insurance Company, and another in which the A. C. L. Railroad was the defendant. Injunctions do not prove fatal, however.

If Havana should develop a few cases of yellow fever it would have a demoralizing effect on the business of the island this winter. Let us hope for the best and with the physicians on their guard it will soon be checked.

A Living Monument.

If we were to assemble all those who have been cured of heart disease by Dr. Miles' Heart Cure, and who would to-day be in their graves had not Dr. Miles' been successful in perfecting this wonderful heart specific, they would populate a large city.

What a remarkable record—a breathing, thinking, moving monument, composed of human lives,—that for which every other earthly possession is sacrificed.

The Miles Medical Co. receive thousands of letters from these people like the following:

"I feel indebted to the Dr. Miles' Heart Cure for my life. I desire to call the attention of others suffering as I did to this remarkable remedy for the heart. For a long time I had suffered from shortness of breath after any little exertion, palpitation of the heart; and at times terrible pain in the region of the heart, so serious that I feared that I would some time drop dead upon the street. One day I read one of your circulars, and immediately went to my druggist and purchased two bottles of the Heart Cure, and took it according to directions, with the result that I am entirely cured. Since then I never miss an opportunity to recommend this remedy to my friends who have heart trouble; in fact I am a traveling advertisment, for I am widely known in this locality."

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Home of Swamp-Root.

THE "DODGING PERIOD"

of a woman's life, is the name often given to the "change of life." Your menses come at long intervals, and grow scantier until they stop. Some women stop suddenly. The entire change lasts three or four years, and it is the cause of much pain and discomfort, which can, however, be cured, by taking

WINE OF CARDUI

Woman's Relief

It quickly relieves the pain, nervousness, irritability, miserableness, forgetfulness, fainting, dizziness, hot and cold flashes, weakness, tired feeling, etc. Cardui will bring you safely through this "dodging period," and build up your strength for the rest of your life.

At all druggists in $1.00 bottles. Try it.

WRITE US A LETTER freely and frankly, telling us all your troubles. We will send Free Advice (in plain, sealed envelope). Address: Ladies' Advisory Dept., The Chattanooga Medicine Co., Chattanooga, Tenn.

"EVERYTHING BUT DEATH" I suffered," writes Virginia Robson, of Easton, Md., "until I took Cardui, which cured me so quickly it surprised my doctor, who didn't know I was taking it."

Grand Jury Indicts Physician.

Boston, Nov. 13.—The grand jury in Suffolk county today reported an indictment against Dr. Percy D. McLeod, who has been held in connection with the suit case mystery. The indictment charges that he was an accessory after the fact to an abortion which resulted in the death of Susanna Geary. McLeod was arraigned in court and his bonds were increased from $20,000 to $25,000. Indictments also were returned in the Geary case against Louis W. Crawford and William E. Howard, alias Hunt, who are under arrest in New York in connection with the affair.

Man's Unreasonableness

Is often as great as woman's. But Thos. S. Austin, manager of The Republican of Leavensworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five (5) physicians had failed to relieve her. After taking Electric Bitters she was perfectly cured, and can now perform all her household duties." Guaranteed by all druggists. Price 50c.

Official Returns in Ohio.

Columbus, O., Nov. 13.—Official figures received by the Dispatch today from 76 counties of the state show that the minor candidates of the Republican state ticket have been elected. The counties yet to report show a net unofficial plurality of 700 for Herrick and therefore, unless there is some unexpected change in these counties, the Rpublican candidates, except Governor Herrick, are elected. Senator Dick today continues to refuse to give out figures and Chairman Garbar declares that the whole Democratic ticket is elected with the legislature.

Sluggish Liver a Foe to Ambition.

You cannot accomplish very much if your liver is inactive, as you feel dull, your eyes are heavy and slight exertion exhausts you. Orino Laxative Fruit Syrup stimulates the liver and bowels and makes you feel bright and active. Orino Laxative Fruit Syrup does not nauseate or gripe and very pleasant to take. Orino is more effective than pills or ordinary cathartics. Refuse substitutes. J. W. McCollum & Co.

Big Liner Runs Aground.

New York, Nov. 13.—The Hamburg-American passenger liner Graf Waldersee while leaving New York harbor this morning for Hamburg ran aground on the flats off Red Hook, near the basin, on the Brooklyn side of the channel. Best Liniment on Earth.

Henry D. Baldwin, Superintendent City Waterworks, Shullsburg, Wis., writes: "I have tried many kinds of liniments, but I have never received much benefit until I used Ballard's Snow Liniment for rheumatism and pains. I think it the best liniment on earth." 25c, 50c and $1. Sold by W. W. Johnson.

Railway Nearing Completion.

Washington, Nov. 13.—The Tehauntepec Trans-continental railway, which the Mexican government has been building across the country from the Atlantic to the Pacific, will, according to information received at the Mexican embassy in this city, be finished and ready for use at the ol (.' and ready for use within six months. The belief in Mexico is that the completion of this important road means that a great deal of freight, which formerl went by the Panama railroad will be transported through the Mexican republic.

Keep Your Head Clear

And your stomach free from indigestion if you would be happy with your family and your fellow-man.

The surest thing on earth to get a man's system "out of whack" is heavy, soggy bread, which is caused by several reasons: First, the material may not be good; second, the cooking may be poor. The best flour in the world will make the heaviest bread if improperly mixed or cooked. WE USE THE BEST FLOUR and our "long suit" is knowing how to mix and bake it. Our bread does not cost any more than home-made, and in many instances it is so much more palatable.

OBJECT TO PROHIBITION.

Brewers Want President To Amend New States' Charters.

Washington, Nov. 13.—President Roosevelt was requested today to use his influence to prevent the insertion into the statehood charters of Oklahoma nad Indian Territories of a provision for the absolute prohibition of the manufacture and sale of intoxicating beverages.

The question was precipitated during the discussion of the statehood measures in congress, and has aroused considerable comment throughout the country.

By appointment, a committee consisting of Representatives Overstreet of Indiana, and Albert Lieber, of Indianapolis, a member of the United States Brews' association, called at the White House and presented to the president a petition reciting numerous reasons why the prohibition provision, if incorporated in the organic act creating the new states, should not extend to beer and ales. The petition is signed by the 51 members of the United States Brewers' association, representing the largest brewing establishments in the country.
